

EMBL Australia Postgraduate Symposium 2018 Programme

Translational Research Institute, Brisbane Australia

Wednesday 28th – Friday 30th November 2018

Wednesday 28th November 2018

14:00 – 15:00	Registration <i>Location: Auditorium entrance</i>
15:00 – 15:30	Welcome Address <i>Location: Auditorium</i> <ul style="list-style-type: none">- Jasmina Markulić – EAPS 2018 Chair- Prof. Josephine Forbes – Professorial Research Fellow & Program Leader of the Chronic Disease Biology and Care Research, Mater Research, Brisbane AUS <p>Sponsored by: Translational Research Institute</p>  <p>TRANSLATIONAL RESEARCH INSTITUTE AUSTRALIA</p>
15:30 – 16:30	Keynote Address <i>Location: Auditorium</i> <ul style="list-style-type: none">- Prof. Ian Frazer – Chair of the TRI Foundation Board & Program Leader of the Cancer Immunology Program at the University of Queensland Diamantina Institute, Brisbane AUS <p>Sponsored by: QIMR Berghofer Medical Research Institute</p>  <p>QIMR Berghofer Medical Research Institute</p> <p>THE FUTURE OF HEALTH</p>
16:30 – 17:00	Student Oral Presentations – Translational & Clinical <i>Location: Auditorium</i> <ul style="list-style-type: none">- Henriette Dohnt – QIMR Berghofer Medical Research Institute The growing gap in education: Using quantile regression to identify genetic and environmental sources- Sherouk Fouda – RMIT University Does cigarette smoking exacerbate high-fat induced hepatosteatosis to NASH in C57BL/6J mice- Lawrence Liew – Ear Science Institute Australia, University of Western Australia Tympanic membrane derived stem cell-like culture for tissue regeneration

17:00 – 18:00

Science & Society Panel

Location: Auditorium

- **A/Prof. Tracy Ainsworth** – Scientia Fellow, University of New South Wales, Sydney AUS
- **A/Prof. Cedric Bardy** – Senior Research Fellow & Group Leader of the Laboratory for Human Neurophysiology and Genetics, South Australian Health & Medical Research Institute, Adelaide AUS
- **Dr. Lynn Fink** – Director of Research, BGI Australia, Brisbane AUS
- **Prof. Josephine Forbes** – Professorial Research Fellow & Program Leader of the Chronic Disease Biology and Care Research, Mater Research, Brisbane AUS
- **Prof. Ian Frazer** – Chair of the TRI Foundation Board & Program Leader of the Cancer Immunology Program at the University of Queensland Diamantina Institute, Brisbane AUS
- **A/Prof. Lutz Krause** – Principal Research Fellow, The University of Queensland Diamantina Institute, Brisbane AUS

Sponsored by: Australian National University – Research School of Biology

Australian
National
University

18:00 – 20:00

Welcome Reception

Location: Atrium

Sponsored by: Commonwealth Serum Laboratories

Thursday 29th November 2018

09:00 – 10:00

Plenary Address – Oncology

Location: Auditorium

- **Dr. C. Glenn Begley** – Chief Executive Officer of BioCurate Pty Ltd, Melbourne AUS

Sponsored by: Monash Biomedicine Discovery Institute

MONASH
University

MONASH
BIOMEDICINE
DISCOVERY
INSTITUTE

10:00 – 10:30	<p>Student Oral Presentations – Oncology <i>Location: Auditorium</i></p> <ul style="list-style-type: none"> - Stefan Bader – Olivia Newton-John Cancer Research Institute, La Trobe University - Monash Institute of Pharmaceutical Sciences, Monash University - ARC Centre for Excellence in Bio-Nano Science Anti-metastasis therapy via nanoparticle mediated drug delivery - Denise Heckmann – The Walter and Eliza Hall Institute of Medical Research Combining forces to treat cancer: how inhibiting the MAPK p38 increases cell death in Smac mimetic-treated leukemic cells - Ming-Jie Luo – The Walter and Eliza Hall Institute of Medical Research Advancing BH3 mimetics for treating non-hematological cancers
10:30 – 11:00	<p>Morning Tea <i>Location: Atrium</i></p>
11:00 – 12:00	<p>Plenary Address – Neurobiology <i>Location: Auditorium</i></p> <ul style="list-style-type: none"> - A/Prof. Cedric Bardy – Senior Research Fellow & Group Leader of the Laboratory for Human Neurophysiology and Genetics, South Australian Health & Medical Research Institute, Adelaide AUS <p>Sponsored by: South Australian Health & Medical Research Institute</p> 
12:00 – 12:30	<p>Student Oral Presentations – Neurobiology <i>Location: Auditorium</i></p> <ul style="list-style-type: none"> - Priscila Lima – The University of Queensland Addressing Unmet Therapeutic Needs in Oncology: Perineural Disease - Belal Shohayeb – The University of Queensland The microcephaly gene wd40-repeat protein 62 (wdr62) has a role in cilia regulation in embryonic mice brains - Sunyuan Zhang – The University of Melbourne The ataxin-1 interactome reveals direct connection with multiple disrupted nuclear transport pathways
12:30 – 13:30	<p>Student Lightning Talks <i>Location: Auditorium</i></p> <ul style="list-style-type: none"> - Session 1 <p>Sponsored by: Macrogen</p> 

13:30 – 15:00	Lunch & Student Poster Presentations <i>Location: Room 2003 + 2004</i> <ul style="list-style-type: none"> - Poster Session A
15:00 – 16:00	Plenary Address – Bioinformatics <i>Location: Auditorium</i> <ul style="list-style-type: none"> - Dr. Kim-Anh Lê Cao – NMHRC Career Development Fellow & Senior Lecturer, University of Melbourne, Melbourne AUS <p>Sponsored by: Charles Sturt University</p> 
16:00 – 16:30	Student Oral Presentations – Bioinformatics <i>Location: Auditorium</i> <ul style="list-style-type: none"> - Jose Alquicira – Garvan Institute of Medical Research scPred: Single cell type prediction using singular value decomposition and machine learning method - Cristina Fortuno – QIMR Berghofer Medical Research Institute A quantitative model to predict pathogenicity of p53 missense variants - Jamila Iqbal – Griffith University Cytological Profiling with Human Olfactory Neurosphere-derived cells
18:30 – 23:30	Symposium Dinner <i>Location: Rydges Hotel</i> <p>Sponsored by: Australian Regenerative Medicine Institute</p> 

Friday 30th November 2018

09:00 – 10:00	Plenary Address – Ecology <i>Location: Auditorium</i> <ul style="list-style-type: none"> - A/Prof. Tracy Ainsworth – Scientia Fellow, University of New South Wales, Sydney AUS <p>Sponsored by: University of Sydney – Faculty of Science</p> 
---------------	--

10:00 – 10:30	<p>Student Oral Presentations – Ecology <i>Location: Auditorium</i></p> <ul style="list-style-type: none"> - Melissa Pappas – University of New South Wales The stability of the giant clam holobiont over time and during bleaching stress - Caitlin Romanis – University of Newcastle Annual variation in bloom-forming <i>Microcystis</i> genotypes from an Australian wastewater lagoon - Timothy Stephens – The University of Queensland Understanding cold adaptation and evolutionary transition to symbiosis in dinoflagellates using genomics approaches
10:30 – 11:00	<p>Morning Tea <i>Location: Atrium</i></p>
11:00 – 12:00	<p>Plenary Address – Genetics & Cell Biology <i>Location: Auditorium</i></p> <ul style="list-style-type: none"> - A/ Prof. Natalie Sims – Deputy Director & Head of the Bone Cell Biology & Disease Unit, St Vincent's Institute of Medical Research, Melbourne AUS <p>Sponsored by: St Vincent's Institute of Medical Research</p>  <p>ST VINCENT'S INSTITUTE MEDICAL RESEARCH</p>
12:00 – 12:30	<p>Student Oral Presentations – Genetics & Cell Biology <i>Location: Auditorium</i></p> <ul style="list-style-type: none"> - Mischa Lundberg – Diamantina Institute, The University of Queensland Detecting transposable element insertions from whole genome and targeted sequencing data - Gayathri Thillaiyampalam – The University of Queensland Developing a systems-based analysis of miRNA target networks - Sofiya Tsimbalyuk – Charles Sturt University Structural basis for importin alpha 3 specificity of W proteins in Hendra and Nipah viruses
12:30 – 13:30	<p>Student Lightning Talks <i>Location: Auditorium</i></p> <ul style="list-style-type: none"> - Session 2 <p>Sponsored by: Abcam</p> 
13:30 – 15:00	<p>Lunch & Student Poster Presentations <i>Location: Room 2003 + 2004</i></p> <ul style="list-style-type: none"> - Poster Session B

<p>15:00 – 16:00</p>	<p>Plenary Address – Immunology & Virology <i>Location: Auditorium</i></p> <ul style="list-style-type: none"> - Prof. Jenny Martin – Director & Principal Research Leader at the Griffith Institute for Drug Discovery, Brisbane AUS <p>Sponsored by: University of Wollongong, Faculty of Science, Medicine and Health</p> <div data-bbox="416 434 1026 629">  <p>UNIVERSITY OF WOLLONGONG AUSTRALIA</p> </div>
<p>16:00 – 16:30</p>	<p>Student Oral Presentations – Immunology & Virology <i>Location: Auditorium</i></p> <ul style="list-style-type: none"> - Amlan Chakraborty – Monash University Effect of a Small Natural Dietary Compound on Lung Pathology in Acute Airway Inflammation - Minnie Jacob – King Faisal Specialist Hospital and Research Centre, James Cook University Quantitative Biomarker profiling in DOCK8 deficiency and atopic dermatitis patients - Harrison Madge – The University of Queensland Cyclic Multicomponent Lipopeptide Vaccine Candidates Against Group A Streptococcus (GAS)
<p>16:30 – 17:00</p>	<p>Awards Presentation & Closing Address <i>Location: Auditorium</i></p> <ul style="list-style-type: none"> - Jasmina Markulić – EAPS 2018 Chair <p>Sponsored by: Illumina</p> <div data-bbox="411 1245 871 1352">  </div>
